

The road to perfection is challenging.
Luckily, you know the way.

With a market share of around 80%, Volume Graphics holds a leading position in the industrial CT software industry, as recognized by the global business consulting firm Frost & Sullivan with the "2018 Global Industrial CT Software Market Leadership Award". Global customers, e.g., from the automotive, aerospace, and electronic industry use Volume Graphics software when it comes to quality assurance in product development and production.

Volume Graphics offers an innovative work environment in a rapidly growing company with an open corporate culture, room for creativity, and flat hierarchies. We are proud to offer all employees competitive remuneration and a modern workplace at an attractive location.

For our offices in Heidelberg, Germany, we are looking for a

Software QA Engineer/Quality Specialist (m/f/i)

Your Tasks

- > Create test specifications and test data for our product range for Windows, Linux, and macOS platforms
- > Perform tests according to test specifications
- > Assist with the selection of appropriate test methods and resources and use test management and test automation tools reliably and accurately
- > Independently create and maintain automated software tests for our diverse range of products (function, performance, and regression tests)
- > Evaluate and track errors and/or deviations
- > Document the test results
- > Serve as the main contact person for quality within your development team

Your Profile

- > You have a technical degree or an equivalent qualification
- > You are passionate about software quality and analysis
- > You are a committed team player with excellent communication skills
- > You work well independently and strive to achieve the highest quality standards
- > You ideally already have professional experience in the field of software testing
- > You have the advantage of already being well versed in test methods and tools, especially test automation with Ranorex
- > You have a precise working style, are reliable, and can work autonomously
- > ISTQB certification is desirable
- > You have excellent German skills and good English skills

Please send your complete application including your salary expectations and earliest starting date as a PDF file to Ms. Caroline Mark at jobs@volumegraphics.com.
